

**Project Name:** Quantum Solar Array Initiative

**Client:** Quantum Cloud Services

**Bid Date:** 2024-06-15

**System Capacity:** 1 MW

**Panel Type:** Tier-1 Monocrystalline Silicon

**Inverter Type:** String Inverter (SMA Sunny Tripower)

| Component                    | Cost (USD) |
|------------------------------|------------|
| Equipment Procurement        | \$3,907.00 |
| Installation Labor           | \$3,907.00 |
| Permitting & Interconnection | \$3,907.00 |

**Total EPC Bid:** \$11,721.00

**Projected Energy Output:** 1,600 MWh/year

**Estimated Project ROI:** 192%

**Warranty on Equipment:** 25 years

**Performance Guarantee:** 90% of rated output for 25 years
