

Environmental Compliance Inspection Report

Facility Name: GlobalTech Manufacturing Pte Ltd

Facility Address: 25 Global Commerce Rd, Singapore 018906

Inspection Date: 2024-06-20

Regulatory Body: National Environment Agency (NEA), Singapore

Permit Numbers:

- Air Emissions Permit: NEA-AE-2023-1125
 - Trade Effluent Discharge Permit: NEA-WD-2023-0789
 - Hazardous Waste Storage Permit: NEA-HW-2023-0456
-

1. Air Emissions

- **Compliance Status:** Non-Compliant
 - **Observations:**
 - Particulate matter (PM10) levels recorded at 65 ppm during last monitoring (2024-05-15), exceeding the permitted limit of 50 ppm.
 - Stack monitoring records are up to date.
 - **Violations Identified:**
 - Exceedance of PM10 emission limits as per Environmental Protection and Management (Air Impurities) Regulations, Section 4(1).
 - **Recommended Remedial Actions:**
 - Immediate review and maintenance of air pollution control equipment.
 - Re-monitor emissions within 30 days and submit results to NEA.
 - **Required Completion Date:** 2024-07-20
-

2. Wastewater Discharge

- **Compliance Status:** Compliant
- **Observations:**
 - Last sampling date: 2024-06-10.
 - pH: 6.8 (within permitted range 6.0–9.0).
 - COD: 180 mg/L (below permitted limit of 250 mg/L).

- Effluent discharge records are complete and up to date.

- **Violations Identified:** None
 - **Recommended Remedial Actions:** N/A
 - **Required Completion Date:** N/A
-

3. Hazardous Waste Management

- **Compliance Status:** Non-Compliant
 - **Observations:**
 - Some hazardous waste containers in storage area were not properly labeled.
 - Waste manifests for April 2024 were incomplete.
 - Storage area is secure and secondary containment is in place.
 - **Violations Identified:**
 - Improper labeling and incomplete manifests as per Environmental Public Health (Toxic Industrial Waste) Regulations, Sections 8(1) and 10(2).
 - **Recommended Remedial Actions:**
 - Immediately label all hazardous waste containers as per regulatory requirements.
 - Update and maintain complete waste manifests for all hazardous waste movements.
 - Conduct staff training on hazardous waste management procedures.
 - **Required Completion Date:** 2024-07-10
-

4. Spill Prevention & Response Plan

- **Compliance Status:** Compliant
- **Observations:**
 - Spill Prevention & Response Plan last reviewed on 2024-03-01.

- Spill kits are available and accessible.
- Staff are trained and records of drills are maintained.

- **Violations Identified:** None
- **Recommended Remedial Actions:** N/A
- **Required Completion Date:** N/A

Total Number of Violations: 2

Follow-up Inspection Date: 2025-10-03

Inspector Name: [To be filled]

Inspector Signature: [To be filled]
